

Allan S Blume, Ed.S.

Special Educator,
Associate Professor,
Educational Consultant

The New MA IEP

MA has not had a new IEP form since 2001

- Is a new form – it is not a new process
- Similarities from the existing form to the new form
- Introduces new focus and concepts
- New terms and change of language (in some parts)

Some basic differences between the old and new IEPs

2001 Form

- Eight pages
- Parent and/or student concerns
- Student strengths/key evaluations summary
- No specific place to identify disability category – primary, secondary, tertiary
- PLEP A and PLEP B
- Transition Planning Form (TPF) separate
- Accommodations/modifications on two separate pages
- Current Performance Level
- Goals and objectives
- Nonparticipation justification
- One service delivery grid

2024 Form

- Sixteen pages
- Student and parent concerns
- Evaluation results distributed across pages
- Disability categories checklist – no more primary, secondary, tertiary
- Four Present Levels pages (no acronyms)
- Transition planning part of the IEP
- Accommodations/modifications on dedicated page
- Baseline (data, data, data)
- Goals with specific requirements
- Participation in general education setting
- Two service delivery grids (school year and ESY)

Two obvious differences

- 2001 document
 - Eight pages
 - Portrait layout

- 2023 document
 - 16 pages
 - Landscape layout

2001 document

Individualized Education Program

IEP Dates: from to

Student Name: DOB: ID#: Grade/Level:

Parent and/or Student Concerns
What concern(s) does the parent and/or student want to see addressed in this IEP to enhance the student's education?

|

↑

Parent and/or Student Concerns

Student Strengths and Key Evaluation Results Summary
What are the student's educational strengths, interest areas, significant personal attributes and personal accomplishments?
What is the student's type of disability(ies), general education performance including MCAS/district test results, achievement towards goals and lack of expected progress, if any?

↑

Student Strengths and Key Evaluation Results Summary (Formal and informal results)

Vision Statement (often written as "It is the Team's vision")

→

Vision Statement: What is the vision for this student?
Consider the next 1 to 5 year period when developing this statement. Beginning no later than age 14, the statement should be based on the student's preferences and interest, and should include desired outcomes in adult living, post-secondary and working environments.

Massachusetts DESE Individualized Education Program (IEP)

STUDENT AND PARENT CONCERNS

(For the purposes of special educational decision-making, "parent" shall mean father, mother, legal guardian, or individual surrogate parent appointed in accordance with federal law.)

What concern(s) do you want this IEP to address?

--

An important aspect of the new IEP is the focus on student voice first. What are the student's concerns as well as the parents. Not just solely parent concerns

STUDENT AND TEAM VISION

Student's Vision (ages 3–13)

This year, I want to learn:

--

By the time I finish (circle one: elementary or middle school), I want to:

--

Student's Vision/Postsecondary Goals (required for ages 14–22, may be completed earlier if appropriate)

While I am in high school, I want to:

--

After I finish high school, my education or training plans are:

--

After I finish high school, my employment plans are:

--

After I finish high school, my independent living plans are:

--

Additional Team Vision Ideas

In response to the student's vision, this year:

--

In response to the student's vision, in 5 years:

--

For students of all ages, the vision statement is in their voice. Note the use of "I" statements.

Note that other Team members respond to the student's vision and not necessarily create a new or Team vision for the student.

2001 document

Individualized Education Program

IEP Dates: from [] to []

Student Name: [] DOB: [] ID#: [] Grade/Level: []

Parent and/or Student Concerns

What concern(s) does the parent and/or student want to see addressed in this IEP to enhance the student's education?

|

Student Strengths and Key Evaluation Results Summary

What are the student's educational strengths, interest areas, significant personal attributes and personal accomplishments?

What is the student's type of disability(ies), general education performance including MCAS/district test results, achievement towards goals and lack of expected progress, if any?

What is the student's type of disability? Sometimes beginning, middle, or end of this section.

Vision Statement: What is the vision for this student?

Consider the next 1 to 5 year period when developing this statement. Beginning no later than age 14, the statement should be based on the student's preferences and interest, and should include desired outcomes in adult living, post-secondary and working environments.

There is now a specific location for the student's disability or disabilities. It is no longer necessary to identify primary, secondary, or tertiary levels.

STUDENT PROFILE

The student is identified as having the following:

- Autism
- Communication Impairment
- Developmental Delay (ages 3-9)
- Emotional Impairment

- Health Impairment
- Intellectual Impairment
- Neurological Impairment
- Physical Impairment

- Sensory Impairment
 - Hearing
 - Vision
 - Deaf-Blind
- Specific Learning Disability

"Having" is not confirming any diagnosis. Better read as "eligible under the following..."

If yes, describe the student's English Learner Education program, including Second Language services, and progress toward English language proficiency benchmarks:

Identify any language needs and consider how they relate to the student's IEP:

Teams identify whether the student is an identified English learner and any program or language needs of the student. In addition, the new IEP provides a location to identify assistive technology devices or services.

Throughout the IEP Teams identify other sections where needs will be addressed.

Assistive Technology

Does the student require assistive technology devices or services?

- Yes No

If yes, this need will be addressed in the following section(s) of the IEP:

- Accommodations/Modifications
- Goals/Objectives

- Services Delivery Grid
- Additional Information

2001 document – Present Levels of Educational Performance – General Curriculum

- Often referred to as “PLEP A”

Present Levels of Educational Performance

A: General Curriculum

Check all that apply.

- English Language Arts
- History and Social Sciences
- Science and Technology
- Mathematics
- Other Curriculum Areas

General curriculum area(s) affected by this student's disability(ies):

Consider the language, composition, literature (including reading) and media strands.

Consider the history, geography, economic and civics and government strands.

Consider the inquiry, domains of science, technology and science, technology and human affairs strand.

Consider the number sense, patterns, relations and functions, geometry and measurement and statistics and probability strands.

Specify:

How does the disability(ies) affect progress in the curriculum area(s)?

2001 document – Present Levels of Educational Performance – Other Educational Needs

- Often referred to as “PLEP B”

Present Levels of Educational Performance

B: Other Educational Needs

Check all that apply.

<input type="checkbox"/> Adapted physical education	<input type="checkbox"/> Assistive tech devices/services	<input type="checkbox"/> Behavior
<input type="checkbox"/> Braille needs (blind/visually impaired)	<input type="checkbox"/> Communication (all students)	<input type="checkbox"/> Communication (deaf/hard of hearing students)
<input type="checkbox"/> Extra curriculum activities	<input type="checkbox"/> Language needs (LEP students)	<input type="checkbox"/> Nonacademic activities
<input type="checkbox"/> Social/emotional needs	<input type="checkbox"/> Travel training	<input type="checkbox"/> Skill development related to vocational preparation or experience
<input type="checkbox"/> Other <input type="text"/>		

Age-Specific Considerations

For children ages 3 to 5 — participation in appropriate activities

For children ages 14+ (or younger if appropriate) — student's course of study

For children ages 16 (or younger if appropriate) to 22 — transition to post-school activities including community experiences, employment objectives, other post school adult living and, if appropriate, daily living skills

How does the disability(ies) affect progress in the indicated area(s) of other educational needs?

There are four Present Levels of Academic Achievement and Functional Performance pages known as "Present Levels"

No more acronyms!
This is NOT a **PLAAFP**

PRESENT LEVELS OF ACADEMIC ACHIEVEMENT AND FUNCTIONAL PERFORMANCE: ACADEMICS

Possible focus areas:
Reading,
Writing, Math,
Executive Function,
Classroom readiness,
participation,
and Play skills

Describe the student's present levels of academic achievement and functional performance in the relevant areas listed below. The relevant areas of learning listed below and complete only the sections that apply to the student. Include relevant information and data from sources such as most recent evaluations; documentation from classroom performance; parent(s), student, and teacher observations; and curriculum-based and standardized assessments, including MCAS.

Describe current academic performance. Check all that apply: <input type="checkbox"/> English Language Arts <input type="checkbox"/> History and Social Sciences <input type="checkbox"/> Mathematics <input type="checkbox"/> Science, Technology, and Engineering	Strengths, interest areas, and preferences	Impact of student's disability on involvement and progress in the general education curriculum or appropriate preschool activities
--	--	--

Each Present Levels page is divided into three columns. Current performance, Strengths/interest areas/preferences, and Impact of the disability.

Current performance replaces Student Strengths/Key Evaluation Results Summary from the 2001 form. Evaluation results are now distributed across the relevant Present Levels pages. In this case academic evaluation results are inserted in this column.

On this, and subsequent pages autism-specific questions begin to appear

...ing from the disability that impact program (e.g., socializing skills, practicing skills in multiple environments)?

If the IEP:

Services Delivery Grid
 Additional Information

This is the second of four Present Levels pages. Note that each Present Levels page continues in the three-column format

Possible focus areas: Behavior skills, Self-awareness, Self-management, Social-awareness, Decision-making, and Relationship skills.

PRESENT LEVELS OF ACADEMIC ACHIEVEMENT AND FUNCTIONAL PERFORMANCE: BEHAVIORAL/SOCIAL/EMOTIONAL		
Briefly describe current behavioral/social/emotional performance. Consider the use of positive behavioral interventions and supports, and other strategies, to address behavior that impedes learning.	Strengths, interest areas, and preferences	Impact of student's disability on involvement and progress in the general education curriculum or appropriate preschool activities
		
Bullying Describe any disability-related skills and proficiencies the student needs in order to avoid and respond to bullying, harassment, or teasing. This section must be completed for students who have a disability that affects social skills development; students vulnerable to bullying, harassment, or teasing; and students with autism.		Specify how these needs, if any, will be addressed in the IEP.

Teams use this section of the IEP to describe and identify any skills, proficiencies, or needs of the student to avoid or respond to bullying, harassment, or teasing.

Autism-Specific Question: ... resulting from autism spectrum disorder?
 Yes No

Autism-Specific Question: Does the student need to develop social interaction skills and proficiencies?
 Yes No

Autism-Specific Question: Does the student have needs related to changes in environment or to daily routines?
 Yes No

Autism-Specific Question: Does the student have needs related to repetitive activities and movements?
 Yes No

Autism-Specific Question: Does the student have needs resulting from their unusual responses to sensory experiences?
 Yes No

If yes to any of the above, these needs will be addressed in the following section(s) of the IEP:

<input type="checkbox"/> Accommodations/Modifications	<input type="checkbox"/> Services Delivery Grid
<input type="checkbox"/> Goals/Objectives	<input type="checkbox"/> Additional Information

Note the continuation of autism-specific questions. Also note the box to identify other locations in the IEP where needs will be addressed.

This is the third Present Levels page.
Note the continued three-column
format.

Possible
focus areas:
Expressive
language,
Articulation,
Receptive
language,
and Social
language
skills.

PRESENT LEVELS OF ACADEMIC ACHIEVEMENT AND FUNCTIONAL PERFORMANCE: COMMUNICATION

Briefly describe current communication performance.	Strengths, interest areas, and preferences	Impact of student's disability on involvement and progress in the general education curriculum or appropriate post-school activities

Does the student require the use of augmentative and alternative communication (AAC)? Consider any AAC needs for non-speaking students or those with limited speech.

Yes No

If yes, describe how the Team will address the student's needs (including acquiring, designing, customizing, maintaining, repairing, and replacing the device/system).

- The student needs an AAC device/system at school.
- The student needs an AAC device/system at home or in other non-school settings to receive a free appropriate public education.
- The student needs training and/or technical assistance to use the AAC device/system.
- The student's family needs training and/or technical assistance concerning the AAC device/system.
- Educators, other professionals, employers, or others who work with the student need training and/or technical assistance to use the AAC device/system.

These needs will be addressed in the following section(s) of the IEP:

<input type="checkbox"/> Accommodations/Modifications <input type="checkbox"/> Goals/Objectives	<input type="checkbox"/> Services Delivery Grid <input type="checkbox"/> Additional Information
--	--

Autism-Specific Question: Does the student have needs in the areas of verbal and nonverbal communication, including but not limited to those identified in the assistive technology/AAC evaluation(s)?

Yes No

If yes, these needs will be addressed in the following section(s) of the IEP:

<input type="checkbox"/> Accommodations/Modifications <input type="checkbox"/> Goals/Objectives	<input type="checkbox"/> Services Delivery Grid <input type="checkbox"/> Additional Information
--	--

Teams use this part of the document to identify any augmentative or alternative communication (AAC) needs of the student, and how these will be addressed in other IEP sections.

Possible focus areas:
Pre-Voc./Employability, Daily Living, Fine, Gross, Visual, Motor Skills

The last Present Levels pages addresses additional areas not previously identified with the now familiar three columns

LEVELS OF ACADEMIC ACHIEVEMENT AND FUNCTIONAL PERFORMANCE: ADDITIONAL AREAS		
Additional Areas, as Applicable (Activities of daily living, health, hearing, motor, sensory, and vision) Describe current performance and any applicable documentation. Please note that parent(s) are only asked to share health information voluntarily.	Strengths, interest areas, and preferences	Impact of student's disability on involvement and progress in the general education curriculum or appropriate preschool activities
		

Deaf or Hard of Hearing

The student is deaf or hard of hearing, and their language and communication needs will be addressed in the following section(s) of the IEP:

- Accommodations/Modifications
- Goals/Objectives

- Services Delivery Grid
- Additional Information

Blind or Visually Impaired (including Cortical Visual Impairment)

Braille is needed and will be addressed in the following section(s) of the IEP:

- Accommodations/Modifications
- Goals/Objectives

- Services Delivery Grid
- Additional Information

Screen readers or other assistive technology are needed and will be addressed in the following section(s) of the IEP:

- Accommodations/Modifications
- Goals/Objectives

- Services Delivery Grid
- Additional Information

Orientation and mobility services are needed and will be addressed in the following section(s) of the IEP:

- Accommodations/Modifications
- Goals/Objectives

- Services Delivery Grid
- Additional Information

These boxes appear again specific to student needs

The next three pages of the document are distinct by the dotted green line indicating that these are transition planning pages for students aged 14 and older or students 13 years of age who will turn 14 in the IEP year.

POSTSECONDARY TRANSITION PLANNING*

Complete for eligible students aged 14–22 and update annually. Complete also for students who are 13 and will turn 14 during this IEP period. The dotted lines indicate the pages of this IEP that are dedicated to secondary transition planning.

Postsecondary Transition Briefly describe current performance.	Strengths, interest areas, and preferences	Impact of student’s disability on involvement in the general education curriculum and/or specific area of postsecondary transition
Education/training		
Employment		
Community experiences/postschool independent living, if applicable		

Note that the three-column formatting continues with this section of the IEP and requiring Teams to consider three areas of Education/training, Employment, and if applicable Community experiences/post school independent living.

The identified areas of postsecondary transition will be addressed in the following section(s) of the IEP:

- Accommodations/Modifications
- Services
- Goals/Objectives
- Additional information

This recurring box of options should now start to become familiar

Projected date of graduation/program completion: _____

Projected type of completion document (diploma, certificate of attainment, or other locally defined completion document): _____

Teams next identify projected graduation date and completion documents as well as planned course of study and the student’s status in meeting those requirements.

Planned Course of Study
What requirements does the student need to meet to receive the type of completion document _____

What is the student’s current status regarding meeting those requirements? _____

* The dotted line indicates that this page of this IEP is dedicated to secondary transition planning.

On this page Teams identify community or interagency adult agencies that may support the student in the future.

COMMUNITY AND INTERAGENCY CONNECTIONS

Agency	Description of Support Provided	Role and contact information of school staff who will be the liaison to the agency

TRANSFER OF RIGHTS TO STUDENT

The student and parent(s) must be notified at least 1 year before the student’s 18th birthday that decision-making rights will transfer from parent(s) to the student when the student turns 18. Is the student 17 or will they turn 17 during the timeframe of this IEP?

Yes No

On what date was the student provided with the notice of transfer of rights and a copy of procedural safeguards concerning special education rights?

On what date was the parent(s) provided with notice of transfer of rights and a copy c

This section identifies when notice and copies of procedural safeguards are sent to the student and parents if the student is 17 or will turn 17 during the IEP year.

* The dotted line indicates that this page of this IEP is dedicated to secondary transition planning.

Depending upon the decision-making rights of the student, they may be able to make their own decisions, share or delegate those to another, or have decisions made for them by a court-appointed legal guardian. The new IEP dedicates a place for those decision-making options.

DECISION-MAKING OPTIONS FOR STUDENT*

Complete for student who has turned 18. Please indicate the decision-making option that the student or court-appointed legal guardian has selected:

- The student will make their own educational decisions.
- The student will share decision-making with their parent, caregiver, or other adult.

Individual with whom the student will share decision-making: _____

- The student has delegated decision-making to their parent, caregiver, or other adult.

Individual to whom the student has delegated decision-making: _____

- A court has appointed a legal guardian for the student who will make educational decisions.

Name of court-appointed legal guardian: _____

Date of determination: _____

TRANSITION TO ADULT SERVICE AGENCY OR AGENCIES—688 REFERRAL

Is the student within 2 years of exiting special education services?	<input type="radio"/> Yes <input type="radio"/> No
If yes, has the Team discussed whether the student meets the criteria for a 688 referral?	<input type="radio"/> Yes <input type="radio"/> No
Has a 688 referral been submitted for this student?	<input type="radio"/> Yes (If so, date the 688 referral was submitted: _____)* <input type="radio"/> No (If so, date the 688 referral will be submitted: _____)* <input type="radio"/> The Team has determined that the student does not meet the criteria for a 688 referral.
If yes, please identify the agency to which referral was made	_____

* The dc

Prior to age 18, if a legal guardian is identified that person is noted here and the date of the guardianship determination.

For students who may require a 688 referral the new IEP provides space to identify the referral and process

688 referral creates documentation that students with severe disabilities who need continued services and are unable to work 20 or more hours per week in competitive, non-sheltered, non-supported employment at the time they are ready to leave school.

2001 document – Accommodations and Modifications on two pages

What type(s) of accommodation, *if any*, is necessary for the student to make effective progress?

Accommodations
often in list
format

Accommodations
sometimes in categories of
setting, presentation,
timing and response

What type(s) of specially designed instruction, *if any*, is necessary for the student to make effective progress?

Check the necessary instructional modification(s) and describe how such modification(s) will be made.

- Content:
- Methodology/Delivery of Instruction:
- Performance Criteria:

Three categories of modifications

The new IEP provides a dedicated page for necessary accommodations and modifications for the student rather than having them distributed across two pages as in the 2001 document.

ACCOMMODATIONS AND MODIFICATIONS

Accommodations: List the accommodations the student needs to make progress in the areas of academic achievement and functional performance. Leave blank any boxes that are not appropriate for the student.

	Presentation of Instruction The way information is presented.	Response The way the student responds.	Timing and/or Scheduling The timing and scheduling of the instruction.	Setting and/or Environment The characteristics of the setting.
Classroom accommodations				
Nonacademic settings (lunch, recess, etc.)				
Extracurricular activities				
Community/workplace				

Accommodations in the new IEP are distributed across four types; presentation of instruction, response, timing and/or scheduling, and setting and/or environment. This format eliminates the list format of accommodations as often seen in the 2001 document.

Modifications: List the modifications, if any, that are needed to the student's program so they can meet their goals, make progress, and participate in activities alongside students with and without disabilities. Leave blank any boxes that are not appropriate for the student.

	Content	Instruction	Student Output
Classroom modifications			
Nonacademic settings (lunch, recess, etc.)			
Extracurricular activities			
Community/workplace			

Modifications are distributed across three types as in the 2001 document

Methodology/delivery of instruction is now Instruction.

Performance Criteria is now Student Output.

2001 document – State or district-wide assessment

State or District-Wide Assessment

Identify state or district-wide assessments planned during this IEP period:

Identifies assessments planned for the IEP year

Consider any state or district-wide assessment to be administered during the time span covered by this IEP. For each student's assessment participation status by putting an "X" in the corresponding box for column 1, 2, or 3.

1. Assessment participation:

Student participates in on-demand testing under routine conditions in this content area.

2. Assessment participation:

Student participates in on-demand testing with accommodations in this content area. (See 1 below)

3. Assessment participation:

Student participates in alternate assessment in this content area. (See 2 below)

CONTENT AREAS	COLUMN 1	COLUMN 2	COLUMN 3
English Language Arts	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
History and Social Sciences	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Mathematics	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Science and Technology	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Identifies whether accommodations are needed

Area identified by an X in the column 2 above: note in the space below, the content area and describe the accommodations necessary for participation in the on-demand testing. Any accommodations used for assessment purposes should be noted on the accommodations that are provided to the student as part of his/her instructional program.

Identifies whether alternate assessment is planned

Area identified by an X in column 3 above: note in the space below, the content area, why the on-demand assessment is not appropriate and how that content area will be alternately assessed. Make sure to include the learning objectives to be addressed in each content area, the recommended assessment method(s) and the recommended supporting method(s) for the student's performance on the alternate assessment.

NOTE

When state model(s) for alternate assessment are adopted, the district may enter use of state model(s) for how content area(s) will be assessed.

The state and/or districtwide assessment page is not dramatically different from the 2001 document. We still identify the planned assessments, whether testing accommodations are required, or if a student participates in alternate assessments

STATE AND/OR DISTRICTWIDE ASSESSMENT/ALTERNATE ASSESSMENT

Identify the state or districtwide assessments planned during the IEP period. Consider MCAS (Grades 3–12), ACCESS (Grades K–12), etc.

How does the student participate in state and/or districtwide assessments?

- The student participates in on-demand assessment with no accommodations under routine conditions in all content areas.
- The student participates in on-demand assessment with accommodations.

Please indicate which testing accommodations the student requires:

English Language Arts	Math	Science	Other

- The student participates in state and/or districtwide alternate assessment(s).

Please select the subject(s) below in which the student needs alternate assessment(s). Please explain why the student needs alternate assessment(s), and why the alternate assessment you have chosen is appropriate for them.

<input type="checkbox"/> English Language Arts	<input type="checkbox"/> Math	<input type="checkbox"/> Science	<input type="checkbox"/> Alternate Access for ELLs
Explanation:	Explanation:	Explanation:	Explanation:

2001 document – Goal Focus, Current Performance Level, Measurable Annual Goal, Benchmarks/Objectives

Current Performance Levels/Measurable Annual Goals

Goal #	Specific Goal Focus:	←	Area of need that results from the disability
--------	----------------------	---	---

Current Performance Level: What can the student currently do?

Narrative regarding the area of need (goal focus)

Measurable Annual Goal: What challenging, yet attainable, goal can we expect the student to meet by the end of this IEP period?
How will we know that the student has reached this goal?

The overarching goal for the IEP year

Benchmark/Objectives: What will the student need to do to complete this goal?

The steps toward the goal

The goal page is laid out differently than goal pages in the 2001 document.

MEASURABLE ANNUAL GOALS

Please identify the academic and functional goals for this student this year. The goals must be measurable and meet the student's needs that result from their disability to enable them to be involved in and make progress in Early Childhood Outcomes (ages 3–5) or the Massachusetts Curriculum Frameworks (older students). The goals must meet each of the student's other educational needs that result from their disability. Please include additional goals as necessary.

Goal Number:	Goal Area:				Responsible Monitor?
Baseline (What can the student currently do?):					
Annual Goal/Target What skill(s) will the student be expected to attain by the end of this IEP's timeframe?		whether the goal has been achieved?	measured?		
Schedule					
SC					
Explain how and when parent(s) will be periodically informed of the student's progress:					

The goal area is an area of need previously identified in the Present Levels pages (column three).

Baseline (formerly Current Performance Level) is a data-based summary of the student's goal focus skills

Goals are written in a structured format of four columns identifying the targeted skill, criterion/criteria, method, and schedule. In addition, the fifth column identifies the person or persons responsible for monitoring the goal. Multiple people responsible for a goal means a more holistic view of the student's skills/needs rather than compartmentalized approaches of the past.

The last two elements on this page focus on benchmarks or short-term objectives and the schedule of progress reporting.

2001 document – Service Delivery

Service Delivery

What are the total service delivery needs of this student?

Include services, related services, program modifications and supports (including positive behavioral supports, school personnel and/or parent training/supports). Services should assist the student in reaching IEP goals, to be involved and progress in the general curriculum, to participate in extracurricular/nonacademic activities and to allow the student to participate with nondisabled students while working towards IEP goals.

School District Cycle: 5 day cycle 6 day cycle 10 day cycle other: _____

A. Consultation (Indirect Services to School Personnel and Parents)

Focus on Goal #	Type of Service	Type of Personnel	Frequency and Duration/Per Cycle	Start Date	End Date

Consultation/Indirect Services

B. Special Education and Related Services in General Education Classroom (Direct Service)

Focus on Goal #	Type of Service	Type of Personnel	Frequency and Duration/Per Cycle	Start Date	End Date

Services in the General Education Classroom

C. Special Education and Related Services in Other Settings (Direct Service)

Focus on Goal #	Type of Service	Type of Personnel	Frequency and Duration/Per Cycle	Start Date	End Date

Services in Other Settings

2001 document – Nonparticipation Justification

Individualized Education Program

IEP Dates: from _____ to _____

Student Name: _____ DOB: _____ ID#: _____

Nonparticipation Justification

Is the student removed from the general education classroom at any time? (Refer to IEP 5—Service Delivery, Section C.)

No Yes If yes, why is removal considered critical to the student's education?

This statement has always been a response to removal from the general education classroom. The new form starts with the assumption of participation in the general education classroom.

IDEA 2004 Regulation 20 U.S.C. §612 (a) (5).550: "... removal of children with disabilities from the regular educational environment occurs **only when** the nature or severity of the disability of a child is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily." (Emphasis added.)

Another change in this document is that rather than justifying nonparticipation after the service delivery grid, teams should consider participation in the general education setting BEFORE creating the service delivery and then create the grid to reflect those considerations.

PARTICIPATION IN THE GENERAL EDUCATION SETTING

Can the student's educational needs be met in the general education setting, with or without the use of supplementary aids and services?

Yes No

If no, provide
and services

SERVICE DELIVERY

Include special behavioral supports and support/training for school personnel and/or parent[s]. Consider providing services in general education settings before considering other options.

The location column should serve to make the location of services clear to others. As special educators and related service providers, we know that the B grid is a general education classroom and the C grid is a special education classroom, but do parents and others know that? The location column could help to make this clear.

Goal Number(s)	Type of Service	Provided by List job title	Location	Frequency/Duration __ x __ minutes per __- day cycle	Start Date	End Date
A. Consultation (Indirect Services for School Personnel and Parents)						
B. Special Education and Related Services in General Education Classrooms (Direct Service)						
C. Special Education and Related Services in Other Settings (Direct Service)						

The service delivery grid on the new IEP only differs slightly from the 2001 document. We still have the A, B, and C grids, but a new column for the location of services has been added.

2001 document – Schedule Modification and Transportation

Schedule Modification

Shorter: Does this student require a *shorter school day or shorter school year*?

No Yes — shorter day Yes — shorter year If yes, answer the questions below.

Longer: Does this student require a longer school day or a longer school year to prevent substantial loss of previously learned skills and / or substantial difficulty in relearning skills?

No Yes — longer day Yes — longer year If yes, answer the questions below.

How will the student's schedule be modified? Why is this schedule modification being recommended?

If a longer day or year is recommended, how will the school district coordinate services across program components?

Transportation Services

Does the student require transportation as a result of the disability(ies)?

No Regular transportation will be provided in the same manner as it would be provided for students without disabilities. If the child is placed away from the local school, transportation will be provided.

Yes Special transportation will be provided in the following manner:

on a regular transportation vehicle with the following modifications and/or specialized equipment and precautions:

on a special transportation vehicle with the following modifications and/or specialized equipment and precautions:

This page is like that found in the 2001 document. Teams identify transportation needs of the student and any necessary schedule modifications.

TRANSPORTATION

- Transportation will be provided in a program located at a school other than the school the student would have attended if not eligible for special education; then transportation will be provided.)
- The student requires transportation supports and/or services as a related service.
- Student will be transported on a **regular** transportation vehicle with the following assistance, attendants, modifications, and/or specialized equipment and precautions:

Specify the disability-related need(s) that require support(s) during transportation (e.g., seizures, a tendency for motion sickness, behavioral or communication difficulties):

- Student will be transported on a **special** transportation vehicle with the following assistance, attendants, modifications, and/or specialized equipment and precautions:

Specify the disability-related need(s) that require support(s) during transportation (e.g., seizures, a tendency for motion sickness, behavioral or communication difficulties):

SCHEDULE MODIFICATION

Does the student require a different duration to their school program, including the length of their day or year so that they can receive a free appropriate public education?

- Yes No

If yes, what are the student's disability-related needs that require a different schedule?

If yes, describe the change in schedule to the student's educational program.

If the student requires a longer year, please include the services they will receive (including, if applicable, positive behavioral supports and support/training for school personnel and/or parent[s]) during Extended School Year in the service delivery grid below.

A unique aspect of the new IEP is the inclusion of a separate service delivery grid for extended school year. This should provide clarity to Teams regarding school year and extended school year services where the 2001 document did always make a clear distinction.

Describe the specially designed instruction, related services, and supports that the student needs to avoid substantial regression during summer break and to continue to make effective progress.

Goal Number(s)	Type of Service	Provided by List job title	Location	Frequency/Duration __ × __ minutes per __- day cycle	Start Date	End Date
A. Consultation (Indirect Services to School Personnel and Parents)						
B. Special Education and Related Services in General Education Classrooms (Direct Service)						
C. Special Education and Related Services in Other Settings (Direct Service)						

Extended School Year Transportation Services

- Transportation will be provided in the same manner as it would be provided if the student were located at a school **other** than the school they would have attended during the school year.
- The student requires transportation supports and/or services a) Student will be transported on a **regular** transportation vehicle with the following assistance, attendants, modifications, and/or specialized equipment and precautions:

Specify the disability-related need(s) that require support(s) during transportation (e.g., seizures, a tendency for motion sickness, behavioral or communication difficulties):

- Student will be transported on a **special** transportation vehicle with the following assistance, attendants, modifications, and/or specialized equipment and precautions:

Specify the disability-related need(s) that require support(s) during transportation (e.g., seizures, a tendency for motion sickness, behavioral or communication difficulties):

Not only is there a place for ESY service delivery grid the new IEP provides space for Teams to identify ESY transportation needs separate from school year transportation needs.

The final page of the new IEP is like that of the 2001 document. The Team is afforded the opportunity to identify any additional information not previously stated in the IEP and a response section for school personnel and parents.

ADDITIONAL INFORMATION

Record other IEP information not previously stated (e.g., information about services).

[Empty text box for additional information]

There will likely be less need to use this section than in the past. Things that formerly went here now have a place in the new IEP form.

RESPONSE SECTION

School Assurance: I certify that the goals in this IEP are those recommended by the team and that the indicated special education services will be provided.

Name and role of LEA representative:	[Empty text box]	Signature:	[Empty text box]	Date:	[Empty text box]
--------------------------------------	------------------	------------	------------------	-------	------------------

Response from parent(s) or student who has reached the age of majority with decision-making rights:

It is important to tell the district your decision as soon as possible. Please indicate your response by checking the appropriate box below and returning a signed copy to the district.

I accept this IEP as developed.

I reject the following portions of the IEP with the understanding that any portion(s) that I do not reject will be considered accepted and implemented immediately. Rejected portions are as follows:
[Empty text box]

I reject this IEP as developed.

Parent Comment: I would like to make the following comment(s) but realize any comment(s) made that suggest changes to the proposed IEP will not be implemented unless the IEP is amended.
[Empty text box]

Signature of Parent(s), Guardian, Educational Surrogate Parent, or Student 18 and Over**	Date:
[Empty text box]	[Empty text box]

** Student signature is required once a student reaches 18 unless there is a court-appointed guardian.

Meeting Request

I request a meeting to discuss the rejected IEP or rejected portion(s).

Crosswalk

- The new IEP is just that, a new form, it is NOT a new process.
- There are crosswalks between the 2001 document and the new document.
- Strategies and approaches that you are familiar with may likely crosswalk to the new IEP.
- There are new terms to learn, but the process remains the same.
- Together we can do it!

thank you
